- * Nathan Gilbody & James Handebo both completed their University degrees.

FORSYTHS CONTINUES TO GROW

Kim Collins and Forsyths are delighted to announce that they have recently finalised negotiations for the Kim Collins & Associates business to join Forsyths effective 1st July 2008.

Like Kim Collins & Associates, Forsyths has a long and proud history in Tamworth and the region as a whole.

“When considering this opportunity it became clear that both firms have similar attitudes to clients, staff and professional standards,” said Mr Kim Collins. “As a principal of Forsyths I, and the rest of the Kim Collins team, will continue to service our clients everyday needs with the added advantage of being able to access an expanded range of business and financial services” said Mr Collins.

Forsyths Managing Director, Mr Arthur Kirk also expressed their firms delight. “Kim Collins & Associates have an incredible history in Tamworth and Coonabarabran and a well deserved reputation as trusted professional advisers. Forsyths looks forward to continuing this reputation and will offer client’s expert knowledge in the specialised areas of business management, strategic planning, corporate risk management, reconstruction & insolvency and human resources, as well as in our core areas of tax, accounting and financial planning”, said Mr Kirk.

The Forsyths group comprise a team of over 75 people and encompasses over eighty years of professional service to the North and North West of NSW with offices in Armidale, Coonabarabran, Gunnedah and Tamworth .

JEANS FOR GENES DAY

At the recent Jeans for Genes day, staff across the firm were able to raise \$190 in gold coin donations. The firm has matched this amount, and we were able to donate \$400 towards assisting with the continuation of this vital research.

SUSTAINABLE LIVING EXPO - ARMIDALE

Forsyths is proud to be a sponsor of the The Sustainable Living Expo which will take place between the 13th and 21st September 2008 in Armidale. SLEX is a week of events aimed at accelerating the uptake of ecologically and socially sustainable practices. For more information visit the SLEX website at www.slex.com.au
