

NEW APPOINTMENT FOR FORSYTHS ARMIDALE

Forsyth's are pleased to announce that Geoff Allen has joined the business as an Audit Principal based in their Armidale office.

Geoff has worked extensively in both professional practice and corporate management over the past 22 years. Geoff will provide additional firepower to Forsyth's already impressive Corporate Risk and Assurance Group. Geoff's specialises in the areas of statutory audits, corporate governance reviews; statutory accounting advice and standards interpretation; risk management and internal audits; due diligence investigations; business strategy development support; independent accountants reports and expert opinion reviews.

Geoff is a member of the Institute of Chartered Accountants and is a Registered Company Auditor.

"What attracted me to Forsyth's is the quality & diversity of the professionals who I am now working with, who work hard to provide a high quality technical service to their clients. ...They are progressive and seek opportunities for development and growth" said Geoff.

"Geoff's experience will add to the depth of our existing Corporate Risk & Assurance group. The appointment of Geoff reflects our commitment and drive to establish a pre-eminent accounting and financial advisory business and in doing so, ensure that we make good on our commitment to provide our clients with a desired range of integrated business and financial services." Arthur Kirk, Forsyth's Managing Director.

Geoff commenced working at Forsyth's in the Armidale office on the 2 March 2009.

GUNNEDAH OFFICE RELOCATION

In 1992, Forsyth's was first introduced into the Gunnedah area. Over the years, the firm and team has continued to grow (thanks to local support) to the stage where their existing premises could no longer hold them all in. So the team at Forsyth's have packed up and are moving down the street to 206 Conadilly Street.

The brand new offices are more spacious and modern and reflect the professionalism of the team and the support and advice that they provide. There are new offices specifically for conducting client meetings along with a large meeting room for not only conducting meetings with large numbers of people, but the space will also for conducting ongoing team training.

"The whole team is really excited about the move," said Benita Pye, Principal. "Everyone has been involved in making decisions since the beginning, even down to what colours we were going to have in the interview rooms and the boardroom. It is certainly different from the old office but the people and the level of service remains the same," she added.

The move reinforces Forsyth's commitment to being a part of Gunnedah, providing a wide range of business and financial advice. We continue to be locally owned, locally managed with all services provided by local members of the community.
